Brief INSPIRE-O
Scoring instructions

There are three versions of INSPIRE:

1. Brief INSPIRE is a 5-item self-rated measure of recovery support from a worker, i.e. a Patient-Rated Experience Measure (PREM)
2. INSPIRE is 27-item self-rated measure of recovery support from a worker, i.e. a Patient-Rated Experience Measure (PREM)
3. Brief INSPIRE-O is 5-item self-rated measure of recovery, i.e. a Patient-Rated Outcome Measure (PROM)

All versions can be downloaded at researchintorecovery.com/inspire

THIS PAGE GIVES THE SCORING INSTRUCTIONS FOR THE BRIEF INSPIRE-O.

Note: A score sheet which calculates the Brief INSPIRE-O scores automatically can also be downloaded at researchintorecovery.com/inspire

If any question is left blank the Brief INSPIRE-O score cannot be calculated.

If all five questions are rated, then add the scores for each item using the following scoring scale:

- Not at all: 0
- Not much: 1
- Somewhat: 2
- Quite a lot: 3
- Very much: 4

Multiply this total by 5 to give the total score, ranging from 0 (lowest) to 100 (highest).

For example, a person answers ‘Quite a lot’ to questions 1 to 3 and ‘Very much’ to questions 4 and 5. Their Brief INSPIRE-O score is 

\[ ((3 \times 3) + (2 \times 4)) \times 5 = 85. \]
