Panel discussion: *Who is the person in person centred recovery?*

RRN Business

Action

MS asked for suggested themes for presentations/ discussions:

Older adult

Peer-support

Narratives and dialogism

Trauma & psychosis

Caroline Lucas would like to do a presentation on spirituality.

MS highlighted that the Early Bird deadline for the Refocus on Recovery 2012 conference ends 15 November.

David Armes is emigrating to Canada and suggested setting up a branch of the RRN there.

Ruth Chandler asked whether funds could be made available for BMA speakers. Mike Slade pointed out that the RRN didn't have a budget & that there weren't the grants available for MHRN and the like, but this issue of fundraising could be explored further.

Next meeting pencilled in for May-June 2012. TBC.
